Dear Sir

Re: DONATION OF BOOKS AND USED COMPUTERS

I am writing on behalf of the University to acknowledge receipt of a container with books and used computers donated by the Global Literacy Project to the University of Swaziland.

I would like to extend our sincere thanks and appreciation for this kind donation. Some of the books will be given to local schools and will contribute to the education of Swazi children. The United States Ambassador to Swaziland, Mr James McGee came to the University of Swaziland to make the official handover of the donation (on behalf of Donors) on the 2nd April, 2004.

We hope that the friendship and link established with your organisation will be maintained for many years to come.

Thank you.

Sincerely

EDMUND Z. MAZIBUKO,(Ph.D)
